STANDARD PRINTS:

All images are printed on Kodak Professional Paper. You don't have to worry about prints fading with this paper. The standard archival value is 100 years in home display and 200 years in dark storage.

MOUNTING OPTIONS:

- Backboard - Mounting your print on a backboard not only gives the print extra support, but it also helps preserve the value of the print over time. These are rigid, lightweight art boards added to the back of the print with a smooth white surface and a white foam center.
 - Single-weight backboard is 1/16" thick.
 - Double-weight backboard is 1/8" thick.
- Foam Core Mount - Mounting your print on a foam core board will give it extra support compared to a regular backboard. Images mounted on a 3/16" Foam Core are easy to frame and do not warp or bend over time.

STANDOUT DISPLAY:

A Standout is a 1.5" thick, lightweight Gatorfoam with a lightly textured black or smooth white trim around the edges. You can select a white or black trim color. Just like its name, Standout Displays will make your photograph stand out.

CANVAS GALLERY WRAP:

Images are printed on an 16" x 16" premier art canvas substrate and professionally wrapped around 1.5" thick wooden stretcher frame. Canvas Gallery Wraps bring a contemporary edge to your photographs. This frame-less presentation is ideal for clients who have gallery-quality expectations. Canvas Gallery Wraps arrive as a finished product ready to hang.
